

JUDOACADEMY

Privacy Policy

Version 1.1 · July 2025 · Nikola Novakovic

This Privacy Policy explains what data Judo Academy collects, how it is used and how it is protected. Our principle is simple: we collect only what is necessary for the application to function.

1. Data Stored Locally on Your Device

The following data is stored exclusively on your device and is never transmitted to our servers:

- XP, level, badges and training statistics
- Judo Journal entries and notes
- AI Sensei conversation history (up to 100 messages)
- Application settings (language, theme, sound, haptics)
- Streak and daily progress
- Belt profile and grading date

Clearing application data or uninstalling the application permanently deletes all local data.

2. Data Transmitted to the Server (Optional)

The following data is transmitted to our servers only if you sign in with a Google account:

- Email address and Google ID (account identification)
- Username (nickname you have chosen)
- Total XP (for leaderboard display)

Without Google sign-in, no data is transmitted to the server. The application is fully functional without signing in.

2.1 Server Location

Server data is stored on servers located in the European Union. Data is not transferred outside the EU.

2.2 Data Retention

Data is retained for as long as you use the application. You may request deletion of all your data by contacting us at judo.academy.world@gmail.com. Deletion is carried out within 30 days.

3. AI Features

The application uses cloud AI services for: AI Sensei (personalised judo advisor), Scouting (opponent analysis) and Judo Journal (training analysis).

3.1 What Is Sent to the AI Service

- The text of your message or entry
- Belt and level context (if you have set up a profile)
- Previous messages within the same session

3.2 What Is NOT Sent

- Your name, email or identifying information
- History from previous sessions

- Any local data other than what you explicitly enter

The AI service processes data in accordance with its own privacy policy. Data sent to the AI service is not permanently stored on our servers. The current AI provider is listed in the application settings; the provider may change, and users will be notified of any such change.

4. Analytics and Tracking

The application does not use third-party analytics tools (Google Analytics, Firebase, Mixpanel or similar). We do not use cookies. The only server logs are standard access logs (IP address, request time, endpoint) which are automatically deleted after 7 days.

5. Children and Young Users

The application is intended for users aged 8 and above. Parental supervision is recommended for users under 16 when using AI features.

We do not knowingly collect personal data from children under 13. If you are a parent and believe your child has shared personal data, please contact us at judo.academy.world@gmail.com and the data will be deleted within 48 hours.

6. Your Rights (GDPR)

If you use the application from the European Union, you have the following rights:

- **Right of access:** You may request access to all data we hold about you.
- **Right to erasure:** You may request deletion of all your data.
- **Right to rectification:** You may request correction of inaccurate data.
- **Right to portability:** You may request a copy of your data in a readable format.
- **Right to object:** You may object to the processing of your data.

To exercise your rights, write to judo.academy.world@gmail.com. We respond within 30 days.

7. Data Security

All communication between the application and the server is encrypted (HTTPS/TLS). Server access is restricted and protected by authentication. Passwords are not stored — we use Google OAuth exclusively.

8. Changes to This Policy

You will be notified of significant changes via an in-app notification at least 14 days in advance. The date of the last update is always visible in the header of this document.

9. Contact and Complaints

Developer: Nikola Novakovic

Email: judo.academy.world@gmail.com

Response time: Within 30 days of receiving your request

Application: Judo Academy (com.judoacademy.app)

Date: July 2025

If you believe your data has not been handled correctly, you have the right to lodge a complaint with the data protection authority in your country.
